DETAILED ACTION

Election/Restrictions

Applicant's election of Group I (claims 1-7) in the reply filed on 12/17/2004 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

Drawings

Figure 17 should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.121(d)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Allowable Subject Matter

Claims 1-7 are allowed.

The following is a statement of reasons for the indication of allowable subject matter: prior art references do not teach or render obvious a semiconductor device having the structure arrangement as claimed in claim 1 wherein the third portion extending on the surface of the semiconductor substrate with its end contacting with an end of the second portion opposite to the first

portion and thinner than the second portion; a spacer covering a sidewall of the first portion on the second portion and the third portion.

Conclusion

This application is in condition for allowance except for the following formal matters:

Claim 1 is objected to because of the following informalities: line 24, "ends of the source/drain diffusion" should be --ends of the source/drain extension layers-- for clarity and consistency with what is being described in the specification (page 5, lines 25-27). Appropriate correction is required.

Prosecution on the merits is closed in accordance with the practice under Ex parte Quayle, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO**MONTHS from the mailing date of this letter.
